F. C. L. Smith, Esq.,
"The Toronto Daily News".

Dear Mr. Smith:

I should have answered your letter of June first before this, but I was waiting to make some further inquiries. I am afraid that it would be very difficult to get an undergraduate who might suit you. I would suggest however that possibly C. C. Grant, who has recently graduated in law and is acting as Secretary of the Students' Administrative Council, might be able to put you in the way of some young man. I am sending your letter to Mr. Grant to see if he knows any one.

Yours sincerely,

President.
